

17 lb. AVT® Demolition Hammer Accepts SDS-MAX Bits Model HM111C

POWERFUL 14 AMP MOTOR DELIVERS 12.6 FT.LBS. OF IMPACT ENERGY TO HANDLE THE MOST DEMANDING APPLICATIONS

- Anti-Vibration Technology is an internal counterbalance system that greatly reduces vibration for increased user comfort and greater productivity
- Detached rear handle is spring loaded and engineered to provide less vibration and more control
- Constant speed control automatically applies additional power to the motor to maintain speed under load to complete the most challenging jobs
- Soft start suppresses start-up reaction for more control and better accuracy

POWER

Powerful 14 AMP motor delivers 12.6 ft.lbs. of impact energy

COMFORT

Anti-Vibration Technology is an internal counterbalance system that greatly reduces vibration

CONVENIENCE

Variable speed control dial enables user to match the speed to the application

PERFORMANCE

Constant speed control automatically applies additional power to maintain speed under load

AVT®
Anti Vibration Technology

LESS VIBRATION

17 lb. AVT® Demolition Hammer, Accepts SDS-MAX Bits

Model HM111C

FEATURES & BENEFITS

- Powerful 14 AMP motor delivers 12.6 ft.lbs. of impact energy to handle the most demanding applications
- Anti-Vibration Technology is an internal counterbalance system that greatly reduces vibration for increased user comfort and greater productivity
- Detached rear handle is spring loaded and engineered to provide less vibration and more control
- Constant speed control automatically applies additional power to the motor to maintain speed under load to complete the most challenging jobs
- Soft start suppresses start-up reaction for more control and better accuracy
- Variable speed control dial enables user to match the speed to the application for greater versatility
- L.E.D. service light notifies the user approximately 8 hours before the brushes need to be replaced
- L.E.D. power light indicates switch failure or cord damage
- Extended life brushes are longer for more work between service intervals and less downtime
- Automatic brush cut-off protects commutator from damage for longer tool life
- 12 bit angle settings allow the bit to be set at different positions for operating convenience
- One-touch chuck allows for quick bit changes
- "No hammering when idling" helps increase tool life

Model HM111C

STANDARD EQUIPMENT

- Side handle (151769-0)
- Hammer bit grease (194683-7)
- Cloth for wiping oil (443122-7)
- 12" Bull point, SDS-MAX (751423-A)

SPECIFICATIONS

Blows Per Minute (variable speed)	1,100 - 2,650 BPM
Impact Energy	12.7 ft.lbs.
Impact Energy (Joules)	17.2 J
AMPS	14
Vibration	8 m/s ²
Bit Type	Accepts SDS-MAX
Overall Length	20-3/4"
Net Weight	17.7 lbs.
Shipping Weight	25 lbs.
UPC Code	088381-609395
