

Laser Distance Measure

Models LD080P/ LD050P

Measuring Accuracy and Productivity

VERSATILITY
Multiple measurement functions for increased versatility of applications

ACCURACY
Achieve the accuracy of a pro with top-class accuracy for maximum precision

CAPACITY
Ample operating range for long distance capacity

DURABILITY
Dust and water resistance with IP 54 rating for increased durability

LD080P (262') FEATURES

- Measuring distance operating range up to 262' for moderate distance capacity
- Provides top-class accuracy of +/- 1/16" for maximum precision
- Provides both standard and metric units of measurement
- Provides 9 measurement functions for increased versatility of applications: Distance, Area, Volume, Permanent, Min/Max, Add/Subtract, Stake-Out, Pythagoras (2 point), Pythagoras (3 point), Pythagoras (partial height)
- Battery run time delivers up to 5,000 measurements for continuous work and increased productivity
- Records history of 20 measurements for convenience
- Auto power-off function automatically shuts the device off for increased run time performance
- Rubber over-mold for increased protection and durability
- Simplified user interface buttons and screen for convenience
- Backlight L.E.D. display for increased screen visibility

LD050P (164') FEATURES

- Measuring distance operating range up to 164' for moderate distance capacity
- Provides top-class accuracy of +/- 5/64" for maximum precision
- Provides both standard and metric units of measurement
- Provides 7 measurement functions for increased versatility of applications: Distance, Area, Volume, Permanent, Min/Max, Add/Subtract, Pythagoras (2 point), Pythagoras (3 point)
- Battery run time delivers up to 5,000 measurements for continuous work and increased productivity
- Records history of 5 measurements for convenience
- Auto power-off function automatically shuts the device off for increased run time performance
- Simplified user interface button and screen for convenience
- Compact and lightweight design for convenient storage and increased portability
