

Makita[®]

12 GALLON WET/DRY VACUUM

Xtract Vac[™]

Auto-Filter Cleaning System

POWERFUL AND QUIET WITH LESS WEIGHT

- Powerful 12 AMP Motor Generates 135 CFM of Suction Power and 92" of Water Lift to Take on the Most Challenging Applications
- Motor Chamber Constructed of Quality Sound-Absorbing Materials Resulting in a Quiet Operating Sound Level of 59 dB (A)
- Utilizes Precision Lightweight Motor Components and Efficient Air Ducting for Less Weight (only 27 lbs.)
- Automatic Filter Cleaning System with Blow-Back Feature is Timed at Set Intervals to Maintain Filter Performance for Longer Filter Life

Model
VC4710

EFFICIENCY

Automatic filter cleaning system
for longer filter life

PERFORMANCE

Variable speed control dial

CONVENIENCE

Integrated cord reel and
hose rack

VERSATILITY

Onboard tool activated outlet

INCREASED PERFORMANCE.

Model VC4710

FEATURES & BENEFITS

- Onboard tool-activated outlet starts and stops vacuum with power tool usage
- Soft start function for lower AMP-draw at start-up
- 10 second delay after power tool shut off to clear hose of remaining debris
- Rocker valve isolates reverse air flow through each filter separately for uninterrupted suction
- Integrated cord reel and hose rack for operator convenience
- Variable speed control dial for a variety of applications
- Wide-set durable urethane rear wheels for better stability
- Enlarged steel caster front wheels for easy movement over rough surfaces
- Equipped with 24.6' cord and 16' anti-static hose for better reach and suction performance
- Removable accessory storage tray for optional accessories
- Quick-release latches for easy removal and disposal of collected materials from canister
- Lower profile flat filter design maximizes the container volume and improves efficiency
- Efficient main nano filters - included (captures 99.95% of particulates 2 microns and larger)
- ETL certified to ANSI 1017 standard for vacuums with onboard power outlet
- Meets the EPA (RRP) rule for HEPA vacuums only with the optional main HEPA filter installed

SPECIFICATIONS

Air flow rate	135 CFM
AMPS	12.0
Power consumption	840 / 1,440 watts
Static water lift	92"
Working sound level	59 dB (A)
Equipped filter surface area	2 x 1.62 ft ²
Equipped filter efficiency	99.95% of 2 microns
Peak horse power**	4 HP
Gross container size	12 gal.
Dry capacity	9 gal.
Wet capacity	8 gal.
Net weight	27 lbs.
Shipping weight	40.8 lbs.
UPC code	088381 630702

**VC4710 is equipped with Soft Start function; therefore, Peak HP can only be measured at normal usage not at start up.

STANDARD EQUIPMENT

- Main flat nano filters (P-79843)
- Fleece nano filter bag (P-78293)
- Disposal bag (P-70297)
- 1-3/8" x 16' Anti-static hose (P-79865)
- Crevis nozzle (W6084)
- Cuff adapter (P-70421)

Makita offers a wide variety of VACUUM accessories. For a complete listing, please refer to the Makita General Catalog or visit our website at makitatools.com, or call 1-800-4MAKITA.

All specifications subject to change without prior notice. All models and accessories subject to stock on hand.
