FEATURES

- Makita-built brushless motor eliminates carbon brushes, enabling the motor to run cooler and more efficiently for longer life; delivers 8,800 RPM
- Automatic Speed Change™ technology adjusts speed and torque during operation for optimum performance
- Adjustable depth of cut capacity up to 1-9/16" at 90°; bevel cuts up to 45°
- Integrated water delivery system with water flow adjustment continuously feeds water for OSHA Table 1 Compliance in masonry cutting applications
- Electric brake allows the tool to be repositioned faster for maximum productivity
- Soft start suppresses start-up reaction for smoother start-ups and longer gear life
- Integrated overload indicator alerts of excessive battery power draw during heavy load applications (batteries not included)
