NEW TOOL OVERVIEW XRF03Z

LXT® BRUSHLESS

FEATURES

- Drives up to 2,250 screws with Push Drive™ Technology using 18V LXT® 5.0Ah Battery
- Brushless motor delivers superior fastening speed (0-6,000 RPM) to handle a variety of drywall, decking and framing applications
- Push Drive™ Technology – in lock-on mode the motor starts only when the fastener engages for longer run time and motor noise reduction
- Lock-on button for continuous use
- Autofeed housing is designed with a screwless one-touch hook for effortless attachment and removal
- The electronically-controlled brushless motor efficiently uses energy to match torque and RPM to the changing demands of the application
- The brushless motor eliminates carbon brushes, enabling the motor to run cooler and more efficiently for longer life
- Durable compact screw guide prevents screw strip tangling
